

Transition Certificate

RecyClass Recycling Process Certificate

RP564-PZD-02-26-PCT-BM

On 26.02.2025 an on-site inspection of the following plant took place:

PreZero Polymers Deutschland GmbH,

Obersülzer Str. 45,

67269 Grünstadt, Germany

The plant was inspected on 26 February 2025 as part of the RecyClass Recycling Process certification process.

The plant processes PO- and PS-rigid from the separate collection of household packaging into regranulates.

The input materials are Bales from the Germany and EU +3. The documentation and the operational organisation indicate that a certificate can be expected.

The marketing of the resulting regrind was randomly checked.

Until the certificate is granted, a processing volume of 2.453 tonnes input material per month is approved in the abovementioned plant.

This transitional certificate is valid until the certificate is issued, but at the latest until 13.05.25.

Köln, 07.03.2025

Birgit Moersheim
